

2nd Regional Conference of Cyprus Network for Urban Morphology

Transformation and Conservation of Urban Form in South-Eastern Mediterranean Cities

CONFERENCE PROGRAM

Conference Brief

CyNUM's 2nd Regional Urban Morphology Conference aims to establish a common platform to discuss further *how cities, in the context of the south-eastern Mediterranean, transform over time by concentrating on their urban morphological characteristics*. The conference sets up an academic and professional arena in which urban morphology would be explored through heritage conservation-based urban transformation, regeneration-based urban transformation, and (re)development-based urban transformation within the rich urban context of south-eastern Mediterranean cities. The sub-themes of the conference are as follows:

- Transformation of Urban Form
- Architecture, Heritage and Urban Form
- Conservation of Urban Landscape
- Public Space Network
